Hello.

In November 2012, ICANN held a series of face-to-face meetings with select community members in Brussels and Los Angeles to discuss implementation issues related to the Trademark Clearinghouse.

The result of these meetings was the "strawman" solution, as outlined in these two ICANN blog posts.

<http://blog.icann.org/2012/11/building-a-secure-and-reliable-trademark-clearinghouse/>  
<http://blog.icann.org/2012/11/trademark-clearinghouse-update/>

While I have reason to believe that ICANN recorded these meetings, and at some point may have even intended to publish them, to the best of my knowledge the audio recordings and transcripts were never released.

I would therefore like to request, invoking the Documentary Information Disclosure Policy, the following:

- 1) All audio/video recordings of the aforementioned meetings in Brussels and Los Angeles.
- 2) All transcripts of these recordings, if available.

I make this request in the belief that none of the Defined Conditions for Non-Disclosure are applicable.

Many thanks,

Kevin Murphy
