the San Jose Division of the United States District Court for the Northern District of California (the "Pending Case".)

2. This case was filed November 28, 2005. Both this case and the Pending Case involve the same Defendants and are based on the essentially the same underlying claims against VeriSign and the Internet Corporation of Assigned Names and Numbers.

3. WADND believes that these cases involve similar questions of fact and law that would require duplication of labor if heard by different judges. Assignment to a single judge is likely to effect substantial savings of judicial effort and other economies because of the overlap of parties and issues in each case. In accordance with Civil Local Rule 3-12, this case should be assigned to Judge \_\_\_\_\_
