Sub: Request for disclosure regarding the ICANN Fellowship Program

This is a request under your Documentary Information Disclosure Policy for information related to the ICANN Fellowship Program. We understand that process of the Fellowship has been recently modified however we deem this information important regardless of it.

The questions are as follows:

1. Has any individual received the ICANN Fellowship more than the stated maximum limit of 3 times?
2. If so, whose decision and what was the justification given for awarding it the 4<sup>th</sup> time and any other times after that?
3. What countries did any such individuals belong to?
4. How many times has the limit of 3 been breached while giving fellowships?
5. What recording mechanisms are being used to ensure that awarding of these fellowships is kept track of, stored and updated? Are these public or privately made available anywhere?

We hope that our request will be processed within the stipulated time period of 30 days. Do let us know if you need any clarifications on our queries.

Thank you,
